*** Cobertura promedio de atención nacional, la cual se calcula con base en la matrícula oficial de 0° a 11°.

La información de beneficiarios 2009 con todas las fuentes de recursos está siendo recolectada a través del Sistema Integrado de Matrícula SIMAT. A la fecha se cuenta con un dato agregado nacional de atención con todas las fuentes de financiación (5.032.401). No obstante, la Oficina Asesora de Planeación, Finanzas y Tecnología está revisando los registros del anexo 13 A, ya que hay deficiencias en el sistema implementado en SIMAT para recopilar la información, lo que genera que no se cuente con la información actualizada y que se presenten inconsistencias entre lo que reportan las SE y lo que los reportes generados por el SIMAT.

(I) En el departamento de Chocó se superó el 100% de cobertura, debido a las medidas adoptadas frente a emergencias humanitarias (medidas como el incremento de la contratación de cupos para atender población infantil que no se encuentra inscrita en instituciones oficiales).

(II) Con los datos reportados por la Secretaría de Educación de Guainía sobre población atendida con recursos diferentes de ICBF, la cobertura sobre pasa la matrícula para el año 2008; se requiere aclaración de los datos de parte de la Secretaría de Educación, hasta la fecha esta situación no ha sido posible precisarla.

(III) Con los datos reportados por la Secretaría de Educación de Vichada sobre población atendida con recursos diferentes a ICBF, la cobertura sobre pasa la matrícula para el año 2008; se requiere aclaración de los datos de parte de la Secretaría de Educación, hasta la fecha esta situación no ha sido posible precisarla.

SIPOD - Sistema de Información de Población Desplazada.
RUPD – Registro Único de Población Desplazada.
*La cifra 2008 corresponde a la población en situación de desplazamiento, incluida oficialmente en el SIPOD, plenamente identificada y, que cruza con la base de matrícula MEN.
**La cifra reportada de población atendida para el 2009 corresponde al cruce efectuado entre la base de datos de matrícula MEN, vigencia 2009 y la totalidad de la base SIPOD, con corte al mes de septiembre de 2009 (plenamente identificados y no identificados). A la fecha, Acción Social no ha suministrado la base de datos con la variable que permita diferenciar a la población atendida plenamente identificada y hacer comparables los resultados con el año anterior.
***Con las campañas de identificación de la población desplazada que se vienen realizando, el universo de población también aumenta significativamente con relación a los años anteriores pasando de 527.520 personas de 5 a 17 años en 2008 a 647.667 en el año 2009.
****Dato estimado por Acción Social y suministrado al MEN sin soporte en base de datos oficial.
Del total de la población en situación de desplazamiento atendida, 369.469 son plenamente identificados.

Nota: Se da cuenta del porcentaje de avance en la atención de población en situación de desplazamiento entre 2008 y 21 de septiembre de 2009, ya que la información remitida por Acción Social a principios del mes de febrero y después de realizar el cruce de información con la matrícula, continúa presentando inconsistencias, se está coordinando una reunión entre el Jefe de la Oficina de Planeación, Finanzas y Sistemas de Información del MEN y el Coordinador del Sistema de Información de Acción social, para dar solución a las situación presentada.

*Población Desplazada registrada en el SIPOD - Sistema de Registro Oficial Población Desplazada. Plenamente identificada.

** Población desplazada 2008 registrada en el SIPOD y en SINEB (Sistema Oficial para educación básica y Media) plenamente identificada.
*** Población desplazada total 2009 registrada en el SIPOD y en SINEB (Sistema Oficial para educación básica y Media) plenamente identificada y no identificada. A la fecha, Acción Social no ha suministrado la base de datos con la variable que permita diferenciar a la población atendida plenamente identificada y hacer comparables los resultados con el año anterior.

Nota: Los resultados corresponden al promedio general de las áreas del núcleo común. Los promedios se calcularon sin tener en cuenta el área de inglés en todo el período 2002-2009. Desde el 2006, los contenidos de Geografía e Historia se evalúan en el área de Ciencias Sociales, por consiguiente, Ciencias Sociales se pondrá dos veces en el cálculo del promedio general por áreas.

Para desarrollar la política de articulación de la educación media durante 2009 se han desarrollado las siguientes acciones:

- Orientaciones sobre la articulación de la educación media con la educación superior y la formación para el trabajo a 77 secretarías de educación certificadas mediante asistencia técnica en sitio y a través de la realización de un Taller Nacional en Bogotá del 2 al 4 de junio de 2009, en el que participaron 123 personas de las secretarías de educación y de las alianzas estratégicas para el fortalecimiento de la educación técnica y tecnológica.

- Orientaciones sobre la articulación de la educación media con la educación superior y la formación para el trabajo a 10 secretarías de educación en proceso de certificación mediante la realización de un Taller en Bogotá el 11 de junio de 2009.

- 22 talleres de socialización de la política de articulación con secretarías de educación, instituciones de educación media y superior de 11 secretarías de educación (797 participantes).
- 13 talleres regionales con directivos docentes de 22 secretarías de educación para dar orientaciones sobre la articulación de la educación media (1.029 participantes).
- 3 talleres con instituciones de media técnica agropecuaria de 23 secretarías de educación y directivos docentes (241 asistentes).
- Elaboración y validación de una Cartilla para el desarrollo de Proyectos Pedagógicos Productivos y manual para la formación de los agentes educativos, y de un documento de Orientaciones generales para el fomento a la cultura del emprendimiento en estudiantes de preescolar, básica y media.
- Realización de dos convocatorias del Fondo de fomento a la educación media con las que se beneficiaron 11.577 nuevos estudiantes, para alcanzar un total de 13.906 estudiantes de media con subsidios para cursar programas técnico-profesionales.

Publicadas las listas de elegibles por parte de la Comisión Nacional del Servicio Civil, se inicia la programación de las audiencias públicas en las que los docentes y directivos docentes escogen la plaza en la cual prestarán el servicio educativo. Estas audiencias fueron delegadas por la Comisión Nacional a las entidades territoriales certificadas. El Ministerio de Educación, la comisión Nacional del Servicio Civil y los Entes de Control acompañarán este proceso.

### 4.4. Docentes sindicalizados

El Ministerio de Educación Nacional tiene información sobre 72 entidades territoriales de las 94 certificadas en educación, donde se identifican 205.507 docentes afiliados a organizaciones sindicales, lo cual equivale aproximadamente al 65% del total de planta docente y directiva docente oficial de aproximadamente 313.933.

Hacer parte de las juntas directivas aproximadamente de 10 a 15 personas que en primera instancia, gozan de las garantías sindicales, como permisos especiales para desarrollar programas de actividad sindical, puede decirse que son los líderes sindicales. La afiliación del docente al sindicato es voluntaria.
El Ministerio de Educación frente a las situaciones de amenazas contra los docentes y directivos docentes siempre ha participado y apoyado a los entes territoriales en las reubicaciones de éstos.

El Ministerio de Educación Nacional ha suscrito un Acta de Concertación del 23 de mayo de 2009 con FECODE, en la cual se consignaron unos acuerdos y otros compromisos, entre ellos mejorar la reglamentación para la protección y seguridad de los docentes y el otorgamiento de permisos sindicales, para el ejercicio de la libertad sindical.

A continuación archivo con la distribución geográfica de los sindicalistas en las 72 entidades territoriales certificadas:
